#### 2016-2017 Texas Common Course Numbering System Transfer Guide

### **Degree Specific**

- The Advanced MATH Electives (3 courses) should be chosen from the following: MATH 3301 (Spring Only), MATH 3360 (Fall Only- Even Years), MATH 4306 (Spring Only-
- Even Years), MATH 4320 (Fall Only- Odd Years), MATH 4088 (As Needed), or MATH 4390 (Spring Only- Odd Years).
  - Placement for Calculus 1 is by the CLMPE placement exam, or by college credit for
- MATH 1316 or MATH 2412. Contact Tarleton's Center for Academic Testing for test information and location.

#### **Degree Information**

This 120 hour four-year degree plan provides a model for on-time completion of this TSU program using as many TCCNS courses as possible. The four-year plan also

 shows the first point when no TCCNS options are available for this program. See the current Undergraduate Catalog for course prerequisites. Course availability at TSU is subject to change, and the plan shown below may change based on updates to TSU's course offerings.

Texas Common Course Numbering System (TCCNS) provides a shared, uniform set of

• course designations for students and their advisors to use in determining both course equivalency and degree applicability of transfer credit on a statewide basis.

Individual academic programs may require specific courses contained in parts of the University Core Curriculum as prerequisites for certain major

• **<u>requirements.</u>** Students who wish to take courses that will fulfill both core and major requirements simultaneously should check with academic advisors for assistance in selecting core courses.

Students meet the Writing Proficiency Requirement by completing two upper-level

- Writing Intensive courses in their major or courses designed for their degree program. Contact the Academic Advisor for additional information or questions.
- Residence is satisfied only by official enrollment in and completion of course work applied toward the degree requirements.

A minimum of 30 semester hours of work counted toward the degree must be

- completed with Tarleton. The work completed at Tarleton and counted toward the degree must include at least 24 advanced hours (3000 or 4000 level) and 12 of these advanced hours must be in the major subject.
- How does duplicating a course impact my GPA?
  - A student may take a course a second or subsequent time at the same
  - institution. The highest grade will be included in the GPA calculation.
- Can I take a course at another school and transfer it back to TSU?
  If you plan to take a course at another school and transfer it back to TSU, you
  - need to meet with both an advisor and Transfer Services. An advisor can tell you the correct course number to take and assist with completion of a Concurrent Enrollment Form if needed.
