

ENGT	3395	Industrial Project Management	X	X					X	X												X	
ENGT	4086	Problems*																					
ENGT	4303	Weld Design								X													
ENGT	4305	Architectural Drafting*																					
ENGT	4320	Occup Safety and Health							X													X	
ENGT	4322	Applied Thermodynamics		X																			
ENGT	4326	Apps of Linear Programming								X													
ENGT	4336	Production Planning		X					X													X	
ENGT	4339	Process Control**																					
ENGT	4346	Manufacturing Management							X													X	
ENGT	4347	Metrics and Measurements							X														
ENGT	4350	Numerical Control Programming*																					
ENGT	4356	Advanced Industrial Controls								X													
ENGT	4361	Computer Aided Manufacturing*																					
ENGT	4375	Facility Planning							X													X	
ENGT	4376	Automated Manufacturing Systems*																					
ENGT	4384	Internship*																					
ENGT	4385	Seminar*																					
ENGT	4395	Engineering Tech Projects								X													
ENGT	5086	Problems*																					
ENGT	5088	Thesis*																					
ENGT	5303	Engineering Economics & Decision Analysis*																					
ENGT	5324	Statistics for Quality							X														
ENGT	5325	Six Sigma & Design Experiments																				X	
ENGT	5332	Financial Risk for Engineering Proj Mgmt																				X	
ENGT	5336	Manufacturing Planning																				X	
ENGT	5346	Manufacturing Systems Mgmt																					X
ENGT	5362	Supply Chain Management							X														
ENGT	5368	Quality Management							X														
ENGT	5376	Automated Manufacturing Systst*																					
ENGT	5385	Project Management							X														X
ENGT	5398	Sem Manuf Quality Topics																				X	

* designates courses offered on an "as needed" basis

** designates course offerings contingent upon programs offered.
