

Academic Minors

Undergraduate Minors

Tarleton State University offers the following minors. Up to two minors may be declared in most baccalaureate degree programs. The first list of minors are those requiring a minimum of 18 hours within the minor discipline, of which 6 hours must consist of upper level coursework completed at Tarleton State University.

The second list of minors listed below are those with options or other requirements in addition to the 18 hours (of which at least 6 must be advanced).

These have specific requirements; students should review the appropriate section of the catalog and check with Academic Advising Services or other academic advisor before beginning a minor from this list.
