College of Health Sciences & Human Services

B.S. Public Health - Track 2: Public Health Laboratory Professional with ASCP Certification in Microbiology

Degree Offered at Stephenville Location Course rotation and availability may vary based on location 2019-2020 Texas Common Course Numbering System Advising Guide

Degree Specific

• This 9 semester evaluation is contingent on the successful completion of each class. Please note this evaluation is designed with **prerequisites in mind.**

Degree Information

 Texas Common Course Numbering System (TCCNS) provides a shared, uniform set of course designations for students and their advisors to use in determining both course equivalency and degree applicability of transfer credit on a statewide basis.

This 120 hour four-year degree plan provides a model for on-time completion of this TSU program using as many TCCNS courses as possible. The four-year plan also shows the first point when no TCCNS options are available for this program. See the

 current Undergraduate Catalog for course prerequisites. Course availability at TSU is subject to change, and the plan may change based on updates to TSU's course offerings.

Individual academic programs may require specific courses contained in parts of the University Core Curriculum as prerequisites for certain major

• **<u>requirements.</u>** Students who wish to take courses that will fulfill both core and major requirements simultaneously should check with academic advisors for assistance in selecting core courses.

Students meet the Writing Proficiency Requirement by completing two upper-level Writing Intensive courses in their major or courses designed for their degree program. Contact the Academic Advisor for additional information or questions.

• Residence is satisfied only by official enrollment in and completion of course work applied toward the degree requirements.

A minimum of 30 semester hours of work must be completed through upper level courses (3000 or 4000 level) delivered by Tarleton and 12 of these advanced hours must be in the major.

- A minimum of 45 advanced credits (3000/4000 level course work) are required and needed to satisfy degree requirements.
 - How does duplicating a course impact my GPA?
 A student may take a course a second or subsequent time at the same institution. The highest grade will be included in the GPA calculation.
- Can I take a course at another school and transfer it back to TSU?
 If you plan to take a course at another school and transfer it back to TSU, you
 need to meet with both an advisor and Transfer Services. An advisor can tell you
 the correct course number to take and assist with completion of a Concurrent
 Enrollment Form if needed.
