## 2020-2021 Texas Common Course Numbering System Advising Guide Degree Specific

This 8 semester evaluation is contingent on the successful completion of each class. Please note this evaluation is designed with prerequisites and course rotation in mind.
${ }^{1}$ The Geoscience Department recommends the following Math sequence: MATH 1314 or MATH 2412 as the Core Math Component; then MATH 1316 or MATH 2412; then MATH 2413. Please see an Advisor for further clarification.
A 2.75 GPA overall and in each of the notated areas is required for admission and must be maintained for program continuation and certification.

- Completion of at least 12 hours in Certification Area; 15 hours if Math or Science is required for admission to the Teacher Education Program.
- No grade lower than a "C" in Mathematics, Professional Education, Certification Area, Reading and the 9 hours of required English. A grade of "B" or better is required for COMM.
${ }^{2}$ Students should complete their application to the Educator Preparation Program the - semester which they are enrolled in EDUC 3320. All students must see the Department of Chemistry, Geoscience, and Physics before applying.
${ }^{3}$ Electives vary by semester and year as follows - Fall Odd: EASC 3320, 3340
Spring Even: EASC 3330, 3350
- Degree and certification requirements are subject to change.

## Deqree Information

Texas Common Course Numbering System (TCCNS) provides a shared, uniform set of course designations for

- $\quad$ students and their advisors to use in determining both course equivalency and degree applicability of transfer credit on a statewide basis.
This 122 hour four-year degree plan provides a model for on-time completion of this TSU program using as many TCCNS courses as possible. The four-year plan also shows the first point when no TCCNS options are
- available for this program. See the current Undergraduate Catalog for course prerequisites. Course availability at TSU is subject to change, and the plan shown may change based on updates to TSU's course offerings.
Individual academic programs may require specific courses contained in parts of the University
- Core Curriculum as prerequisites for certain major requirements. Students who wish to take courses
that will fulfill both core and major requirements simultaneously should check with academic advisors for assistance in selecting core courses.
Students meet the Writing Proficiency Requirement by completing two upper-level Writing Intensive courses
- in their major or courses designed for their degree program. Contact the Academic Advisor for additional information or questions.
Residence is satisfied only by official enrollment in and completion of course work applied toward the degree requirements.

A minimum of 30 semester hours of work must be completed through upper level courses (3000 or 4000 level) delivered by Tarleton and 12 of these advanced hours must be in the major.

A minimum of 45 advanced credits (3000/4000 level course work) are required and needed to satisfy degree requirements.

- How does duplicating a course impact my GPA?

A student may take a course a second or subsequent time at the same institution. The highest grade will be included in the GPA calculation.

- Can I take a course at another school and transfer it back to TSU?

If you plan to take a course at another school and transfer it back to TSU, you need to meet with both an advisor and Transfer Services. An advisor can tell you the correct course number to take and assist with completion of a Concurrent Enrollment Form if needed.
