College of Science and Technology

B.S. Mathematics - Secondary Mathematics Certification

Degree Offered at Stephenville Location

Course rotation and availability may vary based on location

2020-2021 Texas Common Course Numbering System Advising Guide

Degree Specific

- This 8 semester evaluation is contingent on the successful completion of each class. Please note this evaluation is designed with **prerequisites in mind.**
 - ¹Placement for Calculus 1 (MATH 2413) is by the CLMPE placement exam, or by college credit
- for MATH 1316 or MATH 2412. Contact Tarleton's Center for Academic Testing for test information and locations.
 - ²Students should complete their application to the Educator Preparation Program
- the semester in which they are enrolled in EDUC 3321. <u>All students must see Dr. Riggs, Math Education Advisor before applying.</u>
- Degree and certification requirements are subject to change.
- A **2.75 GPA** overall and in each of the notated areas is required for admission and must be maintained for program continuation and certification.
- Completion of at least 12 hours in Certification Area; 15 hours if Math or Science is required for admission to the Teacher Education Program.
- **No grade lower than a "C"** in Mathematics, Professional Education, Certification Area, Reading and the 9 hours of required English. A grade of **"B"** or better is required for COMM.
- There may be some variation in the plans based on other department's course rotations.

Degree Information

- Texas Common Course Numbering System (TCCNS) provides a shared, uniform set of course
- designations for students and their advisors to use in determining both course equivalency and degree applicability of transfer credit on a statewide basis.
 - This 120 hour four-year degree plan provides a model for on-time completion of this TSU program using as many TCCNS courses as possible. The four-year plan also shows the first
- point when no TCCNS options are available for this program. See the current Undergraduate Catalog for course prerequisites. Course availability at TSU is subject to change, and the plan shown may change based on updates to TSU's course offerings.
 - Individual academic programs may require specific courses contained in parts of the
- <u>University Core Curriculum as prerequisites for certain major requirements.</u> Students who wish to take courses that will fulfill both core and major requirements simultaneously should check with academic advisors for assistance in selecting core courses. Students meet the Writing Proficiency Requirement by completing two upper-level Writing
- Intensive courses in their major or courses designed for their degree program. Contact the Academic Advisor for additional information or questions.
- Residence is satisfied only by official enrollment in and completion of course work applied toward the degree requirements.
 - A minimum of 30 semester hours of work must be completed through upper level courses (3000 or 4000 level) delivered by Tarleton and 12 of these advanced hours must be in the major.
- How does duplicating a course impact my GPA?
 - A student may take a course a second or subsequent time at the same institution. The highest grade will be included in the GPA calculation.
- Can I take a course at another school and transfer it back to TSU?

If you plan to take a course at another school and transfer it back to TSU, you need to meet with both an advisor and Transfer Services. An advisor can tell you the correct course number to take and assist with completion of a Concurrent Enrollment Form if needed.
