

# School of Engineering

## Courses

**SENG 1100. Transitioning to University Studies in Engineering, Engineering Tech, Construction and Computer Sci. 1 Credit Hour (Lecture: 1 Hour, Lab: 1 Hour).**

Practical study designed to prepare the student for university life, aid in the development of skills for academic success, promote personal growth and responsibility, and encourage active involvement in the learning process from an individual college perspective. These skill sets are presented in the context of engineering, engineering technology, construction, and computer science disciplines.
